

European Centre for Nanostructured Polymers
7th International Conference

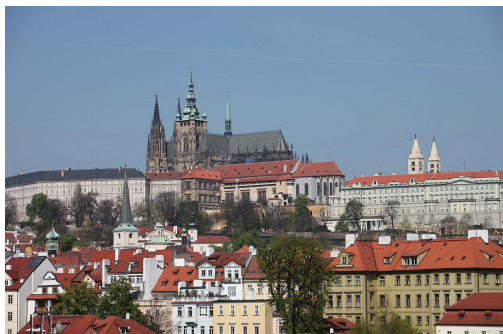

**NANOSTRUCTURED POLYMERS
AND NANOCOMPOSITES**

April 24 – 27, 2012, Prague, Czech Republic

In conjunction with the other ECNP events:

5th Young Scientist Conference

9th ECNP Short Course

Conference Topics

Conference covers polymer science from fundamentals to applications: Synthesis of polymers, polymer architecture, processing, theory and characterization, interfaces, supramolecular chemistry.

- Polymer networks and gels
- Polymer nanocomposites for biomedical application
- Stimuli responsive polymers for optoelectronics, sensing and actuators
- Conductive polymers
- Polymer materials from renewable resources
- Nanofillers: carbon nanotubes, graphene and nanofibres
- Nanostructured coatings and adhesives
- Advanced characterization techniques
- Mathematical modelling of processes and properties

Chairpersons

Jiří Pflieger, Miroslava Dušková
Institute of Macromolecular Chemistry,
Academy of Sciences of the Czech Republic

José M. Kenny

The Spanish National Research Council-CSIC, Spain

Honorary Chairman

Karel Dušek

IMC

Invited Plenary Speakers

Filip Du Prez, Ghent University, Belgium

Danilo De Rossi, University of Pisa, Italy

Anthony J. Ryan, The University of Sheffield,
United Kingdom

Local Scientific Board

D. Horák, L. Matějka, S. Nešpůrek, F. Rypáček,
J. Stejskal, P. Štěpánek

IMC

International Scientific Board

L. Berglund, G. Camino, W. Cook, P. Dubois,
C. Galiotis, J. F. Gerard, E. P. Giannelis,
H. Hansson, A. R. Khokhlov, E. Kumacheva,
I. Mondragon, M. Narkis, R. Turcu, J. Ulanski,
J. L. Viviente, B. Voit, J. Vohlídal, R. J. J. Williams,
M. Žigon

Venue

Conference Centre U Hájků,
Na Poříčí 42, Prague

Call for Papers

Abstract submission deadline: January 21, 2012

Contact

Ms. Alice Trágerová

ecnp2012@czech-in.cz

Details, on-line registration and payment can be found
on the Conference web-site:
